#### ■ Precautions

1. Only the professional installing technicians are allowed to install and maintain this product.
2. Installation or maintenance by the unprofessional people might cause electric shock or other risks and even damage the unit.
3. In the process of connecting, pay attention to the hook position, don't pull wires forcibly to avoid invalid connection.
4. Please use the attached wire of the system, otherwise the accident of fire or smoke or damage to the unit or vehicle might be caused.
5. Don't cut off any extra wire which is kept for future use, protect the ends of wire with insulating tape.
6. In order to avoid short circuit, please disconnect the anode of the power accumulator before any connection and installation.
7. Ensure all lines are placed and protected in good condition, don't let them interfere in any moveable parts of the car such as steering wheel, gearlever, brake pedal, sliding chair, door or other parts.
8. The voice is input through AUX, so please ensure audio cable connects well with the AUX port of the original car audio system.
9. The Mitsubishi outlander GPS can be fit for Mitsubishi outlander.
